- You will receive information on providing cutting instructions prior to the lambs being processed in the fall.

Availability

- Lamb shares are processed in the Fall and available for pick up in early Fall
- Chicken Share are processed and available for pick-up in early Summer, late Summer and early Fall

How are the animals raised? At Goodwoods Farms, we follow organic methods but are not certified.

Our sheep are on pasture in the spring, summer and fall and are fed organic hay in the winter.

Our chicks start out in our mobile chicken coop under heat lamps and are fed a chick ration that contains no antibiotics. At four weeks, they have full access to a pasture and a small amount feed ration. All our poultry is true free-range.
